SUMMARY

Detection Engineer with 3+ years of experience in MSSP/MDR environments, specializing in developing, tuning, and validating detections across Splunk, Azure Sentinel, Google SecOps, and 8+ SIEMs. Proven track record of reducing false positives, conducting detection gap analyses, and improving alert fidelity aligned to MITRE ATT&CK and CIM standards.

EXPERIENCE

Reliaquest, Threat Detection Engineer 01/2025 – Present | Pune, India

- Engineered and tuned detections across 8+ SIEMs (Splunk, ELK, QRadar, Chronicle/Google SecOps, LogRhythm, Azure Sentinel, ArcSight, Sumo Logic) and EDRs (CrowdStrike, Defender, Carbon Black, SentinelOne).
- Developed and fine-tuned correlation rules mapped to MITRE ATT&CK, closing detection gaps and reducing false positives.
- Led global MPE rule standardization in LogRhythm, enabling scalable detections and eliminating coverage gaps.
- Conducted detection gap analyses, delivering enablement plans and advising on log source prioritization for CIM-compliant coverage.
- Performed continuous threat research on APT campaigns, malware families, and adversary TTPs.

ConnectWise, Security Analyst 08/2023 – 01/2025 | Pune, India

- Delivered 24/7 monitoring of 1.2M+ endpoints across multiple partners using SentinelOne, Bitdefender, and Microsoft Defender.
- Led incident response for ransomware (LockBit), credential theft (Mimikatz), droppers, and advanced malware.
- Performed deep log analysis and alert escalations in an MSSP/MDR environment, improving detection fidelity.

Capgemini, Software Associate 10/2022 – 08/2023 | Pune, India

- Administered and secured Active Directory infrastructure for 5,000+ users across multiple domains.
- Implemented access controls and group policies aligned with least privilege principles.

SKILLS

Detection Engineering	SIEM	Languages	Incident Response / DFIR
MITRE ATT&CK/ Detection as code / Telemetry Analysis / Detection Research	Splunk / Azure Sentinel / SecOps / Logrhythm / NGSIEM / CORTEX / Sentinelone Datalake / QRadar	PYTHON / Bash / PowerShell / SPL / KQL / POWERQUERY / CQL / AQL	Log Analysis / Attack life Cycle / Incident Response / Triage

CERTIFICATIONS

- | | | | |
|---|---|--|--|
| • Google Cybersecurity Professional Certificate | • Computers, Operating Systems and Security | • Windows Server Management and Security | • IT Security: Defense Against the Digital Dark Arts |
| • Threat Hunting & Incident Response | • The Bits and Bytes of Computer Networking | | |

PROJECTS

Detection Lab – Detection-as-Code Range 07/2025 – Present

Building an AD + Kali + Splunk lab; authoring Sigma rules per MITRE ATT&CK technique, auto-converted to SPL, KQL, and Google SecOps UDM via pySigma CI pipeline.

Bulk IP Reputation Lookup 08/2024

Python script for bulk IP reputation checks via the VirusTotal API.

EDUCATION

Master of Computer Application, SRM Institute of Science and Technology 01/2023 – 12/2024

Bachelor of Computer Application, Sant Gadge Baba Amravati University 07/2019 – 07/2022
